

U N I V E R S I T Y O F M I S S O U R I - R O L L A

November 21, 2006

Mr. John Potts, Treasurer
Associated Glass & Pottery Manufacturers
520 Westchester Drive
Greensburg, PA 15601

Dear Mr. Potts:

On behalf of the University of Missouri – Rolla (UMR), please accept my thanks for your gift of \$1,500 in support of the Demonstration Kit Project in the Materials Science and Engineering Department. At UMR we place great value on our strong partnerships with private industry and we are pleased to have the support of Associated Glass & Pottery Manufacturers.

UMR, Missouri's Technological Research University, continues to achieve national recognition for its academic programs. U.S. News and World Report has ranked the University of Missouri-Rolla undergraduate engineering program as one of the top 50 in the nation in the magazine's annual guidebook, *America's Best Colleges 2007*.

With significant increases in student enrollment, funding for research, academic programs and scholarships remains critical. Please know this gift will be making a difference in the lives of today's students – tomorrow's leaders – and for that, we thank Associated Glass & Pottery Manufacturers very much.

Sincerely,

John F. Carney III
Chancellor
